SUMMARY

As a dynamic Full Stack Developer with over 4 years experience, I specialize in building scalable, high-performance web applications with expertise in both frontend and backend development. Proficient in Rust, Python, TypeScript, Deno, React, Redux, and MongoDB, I bring a versatile skill set that empowers me to create seamless, efficient, and user-centric digital solutions.

On the frontend, I craft intuitive and responsive user interfaces using React and Redux, ensuring exceptional user experiences. My TypeScript expertise enhances code quality and maintainability. On the backend, I leverage Rust and Python for robust, high-performance APIs, while Deno provides a secure, modern runtime for scalable server-side solutions. My proficiency with MongoDB enables efficient data management, ensuring optimal application performance.

Whether it's architecting complex systems, optimizing performance, or delivering clean, maintainable code, I thrive on transforming ideas into impactful digital products.

EXPERIENCE

01/2025 - Present

Full Stack Engineer

MyRatecard ↗

- I am involved in this nice project as a co-founding Full Stack Engineer.

07/2023 - 11/2024

Full-Stack Developer

ShopWCandy ↗

- Developed a robust e-commerce platform using React.js, Tailwind CSS, Typescript(backend) and Serverless Edge Functions..
- Utilized Supabase's PostgreSQL to manage data.
- Implemented automated testing procedures, reducing software bugs by 30%.

10/2022 - 01/2023

FullStack Developer

ACJask ↗

- I Created a personal survey App Using Python(Django), Typescript, React.js, Bootstrap and MySQL
- I utilized chart.js for the charting and visualizations.
- This is a robust web app that makes data analysis easy, having everything(data collection,

analysis and visualization) in a place

01/2021 - 09/2022	<div>Junior Full-Stack Developer</div> <div>NVIT, Otukpo. Benue State ↗</div> <div><ul style="list-style-type: none">Designed and executed client-side and server-side architecture for 10+ web applications, leading to a 35% increase in user engagement.Collaborated closely with UX/UI designers, resulting in a 20% faster implementation of designs into code.Performed testing and debugging of applications, enhancing application performance by 25%.Optimized and maintained web applications, achieving a 30% reduction in reported user issues.</div>
-------------------	--

EDUCATION

01/2018 - 03/2023	<div>Educational Management</div> <div>University Of Benin, Benin City, Nigeria</div> <div>Bachelor of Science</div> <div><ul style="list-style-type: none">Learnt Management SkillsLearnt Human Resource Management SkillsLearnt Educational Technology skills</div>
